

CRISIS HEALTH RECOVERY CONSULTING

Recovery Innovations is now RI International

50 + programs providing Crisis, Health, Recovery and Consulting Services

Issue 1, October 30, 2015

Recovery Innovations is now RI International. We've undergone an amazing transformation over the past year, and there is a reason we changed our name to RI International.

We're global from several perspectives, not only do we have 50 + programs in five states and abroad, but RI Consulting provides consultation and training in nearly every state as well as in Belgium, Brazil, Canada, Japan, New Zealand, The Netherlands, Norway, Singapore and throughout the United Kingdom.

In September, RI hosted an international summit in Atlanta to create a declaration for Zero Suicide in Healthcare. 45 leaders from 13 countries participated, including Australia, Canada, China, Denmark, French Polynesia, Hong Kong, Japan, Malaysia, The Netherlands, New Zealand, Taiwan, United Kingdom, and the US.

We're so glad you're a part of this international organization. Stay tuned for more news to come!

"We are at the beginning of this journey and we start out with the core value that no one of our patients should die alone and in despair by suicide."

Jan Mokkenstorm, Dutch psychiatrist, Director 113Online and supervisor at GGZinGeest, one of many international Zero Suicide pioneers who joined the Atlanta summit.
